June 2019

The Big Battery Hunt!

Thank you for helping us with our Eco targets - used pen and crisp-packet recycling are both going really well! Please continue to send these in.

Our next collection is batteries! Did you know that over 20,000 tonnes of batteries end up in landfill sites in the UK each year? That's as heavy as about 4,000 elephants!

We are going to be taking part in a battery recycling scheme to recycle these battery sizes:

AAA

AA

C

D

Each child will soon bring home a collection box to start collecting used batteries. During the remainder of this term, we would like them to collect as many of these as they can - perhaps you already have some at home awaiting recycling?

Please get your child to put their **name, class and house** on the box so we can award house points for taking part. There is also a tally on the side of the box to keep track of how many they have collected. I will send out a reminder when they are due (this will be towards the end of the summer term).

Thank you for helping us!

Mrs Baker & the Eco Council
